## Top Skills

Android Development  
Android SDK  
iOS Development

## Certifications

IBM AI Developer  
AWS Academy Graduate - AWS Academy Cloud Operations  
AWS Academy Graduate - AWS Academy Machine Learning Foundations  
AWS Academy Graduate - AWS Academy Machine Learning for Natural Language Processing

# Mohammed Moinuddin Shaikh

IT Engineering Student at M.H. Saboo Siddik College Of Engineering | BE-IT | Driven by Curiosity | Focused on Cloud Computing, Machine Learning & Real-World AI Solutions | Collaborative & Impact-Driven

Mumbai Metropolitan Region

## Summary

I'm an IT engineering student who's curious about how technology can be used to solve everyday problems in thoughtful and efficient ways. I enjoy learning by building , whether it's experimenting with cloud platforms like AWS or exploring how intelligent systems can simplify tasks and improve user experiences.

What drives me most is the blend of creativity and logic that tech offers. I'm not just interested in how things work, but in how they can be made better, more accessible, more efficient, and more meaningful.

I'm always open to exploring new ideas, collaborating with like-minded people, and growing through hands-on experiences that challenge me to think differently.

---

## Experience

ACM MHSSCE

1 year 5 months

Technical Head

July 2025 - Present (6 months)

Technical Team Member

August 2024 - July 2025 (1 year)

India

M.H. Saboo Siddik College Of Engineering

IT Engineering Student

November 2022 - Present (3 years 2 months)

Mumbai, Maharashtra, India

MSD ENGINEERING - THE FIRE WALA

Flutter Developer Intern

January 2025 - March 2025 (3 months)

Developing a cross platform E-learning application

---

## Education

University of Mumbai

Bachelor of Engineering - BE, Information Technology · (November 2022 - July 2026)

M.H. Saboo Siddik College Of Engineering

Bachelor of Engineering - BE, Information Technology · (August 2022 - July 2026)
